I am not having much difficulty tonight – though I tried to catch up on People Plus site charging and it kicked me out! I hope what I entered was not lost....

I'm afraid that I don't have the energy to enter my comments on Sheila's version. I can talk from my hard copy like I did today. Sharing it with you in advance for you to consider....

I thought I started from the version that you sent at the end of the day, Mike, but it appears to differ from the version that Sheila sent tonight.... Not sure why. Sheila's has the "non-technical" comments. My version did not....

Thanks.

-Jennifer
